PROFESSIONAL EXPERIENCE

Construction Project Manager — Cullinan Construction, Toronto, ONJan 2024 – Present

- Direct end-to-end delivery of multiple residential renovation and new-build projects simultaneously
- Manage project budgets, procurement, and resource allocation across all active sites
- Coordinate scheduling of 15+ trades, subcontractors, and suppliers to maintain critical path timelines

- Serve as primary client liaison, achieving 95%+ client satisfaction through transparent communication
- Review architectural designs, scopes of work, and permit submissions for compliance and constructability
- Implement site safety protocols resulting in zero lost-time incidents across all managed projects

Construction Project Manager — SK Custom Home, Toronto, ON Sep 2025 – Jan 2026

- Oversaw custom home construction projects, ensuring adherence to budget and aggressive timelines
- Conducted regular site inspections achieving full safety compliance and budget alignment
- Negotiated contracts with suppliers and subcontractors, securing competitive pricing and reliable delivery
- Improved interdepartmental communication processes, reducing project coordination delays by 15%
- Evaluated construction methods and materials for cost-effectiveness without compromising quality

Construction Project Coordinator / Site Superintendent — PMP Homes Inc, Toronto, ON Jun 2021 – Dec 2024

- Managed up to 5 concurrent luxury residential projects including custom homes up to 12,000 sq. ft. valued at \$15M+
- Directed project timelines and trade sequencing, optimizing efficiency across multiple active sites
- Enforced quality standards with zero-tolerance policy, halting work on deficient craftsmanship
- Facilitated all municipal inspections, ensuring 100% first-pass compliance with regulatory requirements
- Coordinated with architects, engineers, and interior designers to resolve design and constructability issues

- Developed and maintained detailed CPM schedules and progress reports for stakeholder review

Operations Manager — ALO Food Ltd, Istanbul, Turkey 2019 - 2020

- Led a 10-person cross-functional team managing daily operations and logistics for a fast-paced commercial operation
- Streamlined operational workflows, improving overall efficiency by 20%
- Managed vendor relationships, procurement, and inventory control across multiple product lines
